- UW Educational Outreach (UWEO) educates more than 41,000 students (over 12,000 FTE) annually, partnered with UW academic units to offer 61 fee-based degrees, UW summer quarter courses, 120 certificate programs, online learning, international programs, conferences and English Language instruction.

- Over the past 5 years, freshmen applications to the University of Washington Seattle have increased by nearly 50 percent (from 16,634 to 24,540). During this time, the campus has become more selective, admission rates have declined, GPA and test score averages for the freshman class have increased. Over the past five years:
  - The freshman admission rate has declined from 68.3% to 58.5% (with a low 56.8% in 2010).
  - The resident admission rate has declined from 68.6% to 59.2%.
  - The non-resident admission rate has declined from 61.2% to 57.9%.
  - The average GPA of the entering class has increased from 3.69 to 3.74.
  - The average SAT composite score has increased from 1750 to 1803 (out of 2400).

- Eighty percent of UW Seattle undergraduate students are residents of the state of Washington.

- The number and proportion of under-represented minority students at UW Seattle have increased, comprising 12.4 percent of the 2011 freshman class, compared to 10.4 percent in 2006. With the addition of Asian-American students, students of color comprise 40.5 percent of the 2011 freshman class.

- 81 percent of entering freshman graduate from the UW within six years, the highest percentage of any public university in the state (WSU and Western boast the 2nd highest rate at 69%) and ranked 13th in the nation among all public research universities. The UW’s average time to degree is 4.3 years (2.4 years for transfer students).

- The UW offers over 250 degree options across 150+ programs. In 2010-11, the UW awarded over 14,000 degrees.

- In fall 2010, 43 percent of UW students were enrolled in course-work in science, technology, engineering, and mathematics (STEM) disciplines. In 2010-11, the UW awarded 3,150 degrees in STEM disciplines.

- In addition to being the 13th largest institution in the country by enrollment, the UW is also one of the best, ranked 42nd nationally (10th among public institutions) by US News and World Report, and 16th in the world by the Academic Ranking of World Universities (ARWU), and 25th by The Times Higher Education/Thomson Reuters
World University Rankings (one of only five U.S. public institutions to make the top 25).

- The UW is one of the top public universities in the nation in the number of students who have received premier national awards such as the Rhodes, Marshall, Truman, Fulbright and Goldwater scholarships and fellowships. Among all universities, UW graduates comprised the third largest group of Peace Corps volunteers in 2011.

Tuition and Finances

- The University of Washington Fiscal Year 2012 budget totals $5.6 billion.
- Tuition revenue comprises 67 percent of the University’s general operating fund resources (state funds plus tuition revenue), up from 34 percent in 2004, primarily because the UW has lost half of its state funding in the span of four years (fiscal years 2009-2012).
- The UW has the third lowest undergraduate resident tuition and fees of peer institutions in the Global Challenge states. In 2011-12, UW tuition and fees of $10,574 per year are about $1,150 BELOW the average tuition of these institutions. Kiplinger’s consistently ranks the UW as one of the top ten bargains in higher education in the nation.
- Close to one quarter of entering UW freshmen are PELL Grant eligible, and 30 percent of all freshmen will be the first in their families to attend college.
- Last year, one quarter of (about 8,000) UW undergraduates were eligible for the Husky Promise program, which through a combination of state, federal and UW local funds provides free tuition students with financial need.
- In 2010-11, 58 percent of UW undergraduates received some form of financial aid totaling over $251 million. Half of all UW undergraduates graduate with zero debt. For UW students who must borrow, in 2009-10 the average debt load at graduation is $19,500 compared to $23,000 nationally.

Research and Service

- Among public research institutions, the UW ranks in the top ten nationally in the number of faculty who receive top international and national awards and honors. Amongst 4,300 UW faculty members you will find 6 Nobel Prize winners, 15 MacArthur Fellows, over 200 members of the Institute of Medicine and the National Academies, and 141 Fellows in the American Association for the Advancement of Science.
- The UW receives more federal research dollars than any other public university in the nation. In 2010, this amounted to more than $1.4 billion (5,454 grants, including 170 grants over $1 million each), which supports almost 7,600 direct jobs in the local economy. 70 percent of these funds are from federal sources.
- The UW is the largest employer in the city of Seattle, with over 28,500 benefits eligible faculty and staff.
- Over 260 companies, employing over 9,000 workers, have been started by UW faculty and students or with UW developed technology.
- The UW Center for Commercialization (C4C) manages a portfolio of over 2,200 awarded/pending patents. In 2010, researchers reported over 350 innovations, and the UW was awarded 66 new patents, and filed 266 applications.
- The UW operates four hospitals – UW Medical Center, Harborview Medical Center, Northwest Hospital and Valley Medical Center – which together provide 24 percent of the total charitable medical care in Washington State.
